The Conference

ACI's 2nd European Dredging Summit will provide practical solutions from expert dredging experiences with discussions centred around indispensable dredging strategies for efficient operational management and project success.

Strategies to improve port dredging procedures will be discussed in detail. Highlighting methods to aid in meeting challenges related to port infrastructure development and financing, European laws and legislations to waste management in marine and fresh water dredging and analysis of the dredging project opportunities in Europe and overseas will also be thoroughly addressed.

More topic items to be reviewed are technological advancements in dredging equipment including remote controlled dredgers and information on the latest multipurpose cutter section dredger suitable for dredging soft and medium compacted sand and other sediments.

The two day conference will consist of a number of informative presentations followed by an interactive Q&A session, panel discussions which will give a deep insight on the views shared from the different aspects of dredging and open discussion to further involve the delegates.

Taking part in the summit will undoubtedly allow participants to increase their understanding of dredging operation in order to maximise their business potential.

Confirmed Topics for Discussion:

- Sustainable practices and techniques used by ports to ensure efficiency in dredging operations
- Aid in meeting challenges related to port infrastructure development and financing
- Technology used in sediment profile imaging for monitoring sedimentation in dredging projects
- Solutions to reduce alterations to coastal or estuary morphology which affect coastal and marine habitats and species
- Deterrence of air emissions caused by dredging machinery
- Dealing with underwater noise from dredging machinery in compliance with new regulations
- Dredging project investment – A government perspective
- Information on contract set up to ensure supplier and contractor satisfaction

Speaking Opportunities
