

INVENTORY OF HAZARDOUS MATERIAL

SEA SENTINELS
SAFEGUARDING MARITIME INTERESTS

WHAT IS AN INVENTORY OF HAZARDOUS MATERIALS (IHM)?

IHM is soon to be a compulsory asset which identifies, localizes and quantifies all kind of hazardous materials onboard of vessels and off shore structures that potentially can pose a risk to the health and safety of people and to the environment

The document requires an updating process made by a specialist (HazMat Expert).
