

Biostimulants Europe
1st & 2nd December 2021
Barcelo Congress Hotel, Granada, Spain

DAY 1

Wednesday 1st December 2021

08:00	REGISTRATION & COFFEE
09:00	CHAIRMAN'S OPENING REMARKS Chairman
09:15	CONFERENCE PRESENTATION Managing the placing of fertilizing products, especially biostimulants, on the market: A look into the impact over the coming months Dr. Morgane Salaun, Senior Regulatory Expert - Biostimulants, Eurofins
09:45	Conference Presentation BASKUS - A New Product: Support of Plant Health Against Dr. Jana Volková, Research and Development, MONAS Technology
10:15	MORNING REFRESHMENTS
	SESSION TWO
	Introducing the recent R&D advancements in biostimulants
11:00	Plant biostimulants based on a single active ingredient Dr. Juan Carlos Cabrera, Director R&D, Fytek SA
11:30	Next Generation Bacteria Protecting Against Abiotic Stresses Lorenzo Fimognari, PhD, Team Manager, CHR HANSEN
12:00	Panel Q&A
12:15	CONFERENCE PRESENTATION Biostimulants: Understanding the Rules of the New European Fertiliser Regulation Dr. Boris Matejek, Manager - Fertiliser & Crop Nutrition Registrations, Knöell
12:45	LUNCH
13:45	CONFERENCE PRESENTATION Super Grow: The Enhancer of Growth and Defence Responses Alejandra Moenne, Professor Titular, Ecofos SPA
14:15	CONFERENCE PRESENTATION Plant Microbial Diversity and Applications of their Metabolites in Agriculture Victor Gonzalez Mendendez, Senior Scientist Microbiology, Fundacion MEDINA
15:00	CONFERENCE PRESENTATION Automated Effect Study on Biostimulants Gustavo Matto, 3D Phenotyping and Plant Production Specialist, Phenospex
15:30	AFTERNOON REFRESHMENTS
16:00	CONFERENCE PRESENTATION Glycine betaine a multifunctional aid for plant health Barbara Auer, Sales Director, Agrana
16:30	CONFERENCE PRESENTATION How to use biostimulants to protect plants from salts and droughts? Maximino Manzanera Ruiz, Researcher at Department of Microbiology, University of Granada
17:15	CLOSE OF DAY ONE

**Biostimulants Europe
1st & 2nd December 2021
Barcelo Congress Hotel, Granada, Spain**

DAY 2

Thursday 2nd October 2021

08:30	REGISTRATION & COFFEE
09:00	CHAIRMAN'S OPENING REMARKS Chairman
	SESSION THREE
	Application and Formulation of different biostimulants' categories
09:05	DCM Biorational strategy in Tomato Nele Van Camp, Account & Project Manager Biorationals, DCM Corporation
09:35	Presentation Title TBC Dr. Sara Monteiro, R&D Manager, Oro Agri
10:05	Panel Q&A
10:20	MORNING REFRESHMENTS
10:50	CONFERENCE PRESENTATION Biostimulants from microalgae: concept, categories and future Imane Wahby, Director of Research, Rabat University
11:35	CONFERENCE PRESENTATION The Role of University in Understanding the Leafamine's Mode of Action Marthe Malecange, PhD Student, BCF Lifesciences
12:05	CONFERENCE PRESENTATION Role of Unique PGPR for Draught Mitigation and Root Development Dr. Athreya Devanur, Manager, International Business, AgriLife
12:35	LUNCH
	SESSION FOUR
	Assessing Market Challenges & Opportunities
13:35	Spanish R&D Network in Plant Biology: catalyzing business opportunities through innovation David Lapuente, International Projects Manager, Biovegen
14:05	Future strategies for biostimulants Alberto Bago, Fungal Bioremediation, Biofertilization Dept., Estacion Experimental Del Zaidin (EEZ)
14:35	Panel Q&A
14:50	CHAIRMAN'S CLOSING REMARKS Chairman
15:00	AFTERNOON REFRESHMENTS & END OF CONFERENCE
