

BIOSTIMULANTS

EUROPE 2024

17th & 18th January 2024
Valencia, Spain

Unlocking the Power of Biostimulants for Plant Growth & Sustainability

Key Topics

- Global Biostimulants Market Outlook & Update
- Policy & Regulation
- Getting Biostimulants Approved In line with Legislations
- Exploring the Demand for Various Raw Materials
- Formulations and New Developments to Enhance your Businesses Product Portfolio
- Opportunities for the Integration of Biostimulants
- Quality & Credibility of Biostimulant Substances
- Seed Treatments and the Benefits on Plant Health
- Technological Advancements to Optimise Biostimulants
- The Future of Biostimulants

Our Sponsors

Registration & More Information:

ACI's Biostimulants Europe will bring together senior executives and experts from biostimulant manufacturers, research institutes, chemical companies, major associations, technology companies, consultants, to discuss the latest changes, challenges and developments within the industry.

Already in its 6th edition, the two day event will give you insight into European policy & regulation, requirements for field efficacy trials, benefits enhanced from seed treatments and much more.

Agenda Committee

Wilson Boardman, Company Owner, **Evoponic**
Jan Ties Malda, Technical Specialist Plant Nutrition, **Cebeco Meststoffen**
Juan Carlos Cabrera, R&D Director, **Fytek**
Franck Hennequart, Director for Research & Innovation, **Algaia**
Sara Monteiro, R&D Manager, **Oro Agri**
David Lapuente, Project Officer, **Biovegan**

Who Will Attend?

- Biostimulant Manufacturers
- Chemical Companies
- Research Institutes
- Technology Companies
- Academia
- Consultants

Registration Is Simple

If you would like to register for this event or wish to find out more information, you can contact **Rohan Baryah** using any of the following methods:

Tel: +48 (0) 61 646 7022

Email: rbaryah@acieu.net

Online: <http://www.acieu.net>

Conference Fees

Conference (Includes Documentation Packet)
17th & 18th January 2024

£1,895
(Excl. VAT)

Documentation Packet Only

£495

Members and customers of all supporting organisations are entitled to a discount off their conference package.

Discounts are available for multiple/group bookings.

Opportunities to Meet Your Target Audience:

Showcase your technologies to the industry, with opportunities to demonstrate the capabilities of your latest products and services. Companies can gain direct access to our senior level audience and have an increased level of visibility and exposure through branding and networking at the conference. This will allow you to attract new business and forge lasting commercial relationships.

For information on available commercial opportunities, please contact:

DAY 1

Wednesday 17th January 2024

08:00 REGISTRATION & COFFEE

09:00 CHAIRMAN'S OPENING REMARKS

Scott Gibson
CEO
Quercus Agroforestry, Inc

09:15 CONFERENCE PRESENTATION Global Biostimulants Market Outlook & Update

- An account of the growth of biostimulants globally vs Europe over the last year
- Outlook and predictions for trends over the next 5 years
- Analysing emerging markets and looking at new data

Aneesa Moolla
Project Manager
Kline & Company

10:00 CONFERENCE PRESENTATION Policy & Regulation

- Aligning new regulations with those that are already in place
- Clarification of upcoming regulation within Europe effecting biostimulants
- Understanding how biostimulants can be used to fit into regulations

Ildikó Varga, PhD
Expert (Biostimulant Specialist)
CerTrust Ltd. (NoBo 2806)

10:30 CONFERENCE PRESENTATION Industrial Biotechnology as Tool for the Valorisation of Agro-wastes and By-products for Sustainable Fertilisers

- Industrial biotechnology as a tool of residue valorisation
- Biofertilisers from agro-wastes and by-products
- Case of success: AGROMATTER. Project Presentation and more relevant results

Dr Annabel Serpico
Project manager in Industrial Biotechnology
Itene

10:50 MORNING REFRESHMENTS

11:20

CONFERENCE PRESENTATION

Getting Biostimulants Approved In line with Legislations

- Gaining insight into the process of getting your substance approved
- Highlighting issues that may arise and how to overcome them
- Looking at new and current legislations that effect biostimulants registration

Dr Elisa Capellan
CEO, Senior Scientific Consultant
KAELTIA Consulting

12:00

SESSION ONE

Exploring the Demand for Various Raw Materials

- Assessing the new raw materials for the use in biostimulants
- Understanding which raw materials are suitable against regulations
- Analysing the supply and demand of products and ingredients

Daniel García-Seco
R&D Director
AFEPASA

Franck Hennequart
Director of Research & Innovation
Algaia

13:15

LUNCH

14:15

SESSION TWO

Formulations and New Developments to Enhance your Businesses Product Portfolio

- Opportunities arising from the great move towards biological products
- Looking at new product formulations and their ability to influence gene expression in plants
- Moving towards a more collaborative approach between researchers and formulators to develop more effective biostimulants with new microorganisms and formulas

Emilien Bohuon
Plant & Soil Engineer
Ynsect

Anna Konieczny, PhD
Export V-ce Director
Intermag

BIOVEGEN: Public-Private Collaborations as R&D Service Platform Providers in Plant Biotechnology

David Lapuente
Project Officer
Biovegen

16:00 AFTERNOON REFRESHMENTS

16:30 CONFERENCE PRESENTATION Product Quality at the Core: Transforming AgBiological Products for Sustainable Agriculture

- Delving into Potential Implications of Varied Product Quality on Field Efficacy
- Exploring the Fundamentals of Microbial Product Quality: A Candid Examination to Address Manufacturing and Supply Chain Challenges
- Discussing Collaborative Exploration: Seeking Solutions through Collective Expertise and Cooperation

Harrison Yoon, Ph.D.
Chief Operations Officer
Kula Bio

16:50 SESSION THREE Opportunities for the Integration of Biostimulants

- Understanding the need for the integration of biostimulants into agronomy programmes
- Addressing cost and quantity of testing involved with new specifications
- Solutions for expediting future specification implementations

Wilson Boardman
CEO
Evoponic

Laura Bishop
Market Applications Specialist
Croda

18:05 CLOSE OF DAY ONE & NETWORKING DRINKS

DAY 2

Thursday 18th January 2024

08:30 REGISTRATION & COFFEE

09:00 CHAIRMAN'S OPENING REMARKS

Wilson Boardman
CEO
Evoponic

09:05 CONFERENCE PRESENTATION Quality & Credibility of Biostimulant Substances

- Practical approaches to determine the credibility and quality of biostimulants
- Analysing and highlighting features of biostimulants to determine its benefits to plant health
- Case Study: Salicylic acid as an official biostimulant registrant

Scott Gibson
CEO
Quercus Agroforestry, Inc

How Leafamine®, Biostimulant Based on Free Amino Acids, Can Manage Abiotic Stress : Holistic Approach to Demonstrate the Efficiency on Vegetable Crop

Emmanuelle Mounier, Ph.D
R&D Biostimulants Manager
BCF Life Sciences

10:20 MORNING REFRESHMENTS

10:50 SESSION FOUR Seed Treatments and the Benefits on Plant Health

- Opportunities of seed treatments
- Exploring the reduction in abiotic stress from the use of seed treatments
- How can seed treatments improve plant health in line with climate change

Optimizing of Seed By the Use of the Biostimulant 'Silicon'

Henk-Maarten Laane
Director R&D
ReXil Agro BV

12:05 CONFERENCE PRESENTATION Technological Advancements to Optimise Biostimulants

- The influence of AI on Biostimulants formulation and developments in the medium to longer term

Valencia, Spain

- Implementing new technologies to enhance the performance of biostimulant production

Alberto Bago
Fungal Bioremediation Biofertilization
Dept
Estacion Experimental Del Zaidin (EEZ)

Emerging Biostimulants Technology: From India, for the World

Dr Rahul Mirchandani
President
Indian Micro-Fertilizer Manufacturers
Association

12:35

CONFERENCE PRESENTATION

Important Considerations When Selecting Biostimulant Suppliers

- Product specifications
- Supplier capabilities
- Partnership dynamics

Michael Lueras
Founder & CEO
BR Algas

13:05

LUNCH

14:05

SESSION FIVE

The Future of Biostimulants

- How can we change agriculture for the future?
- Looking at the long-term value of biostimulants to reduce the use of pesticides and produce more resilient, stronger, robust crops
- Exploring strategies to help awareness of biostimulants and their benefits amongst consumers for the long term benefits

Oliver Grunert
Programme Leader Biostimulants
Apeha Bio

Esaú Megías
Microbiology Researcher
Agrogenia Biotech

Mark Robbins
CEO
Sugarox

15:50

CHAIRMAN'S CLOSING REMARKS

16:00

END OF CONFERENCE & AFTERNOON REFRESHMENTS
