

FUTURE OF **BIOGAS** EUROPE

25th & 26th November
Amsterdam, The Netherlands

Introduction

As Europe accelerates its transition toward low-carbon and domestically secure energy systems, the Future of Biogas Europe Summit will bring together industry leaders to address the critical challenges shaping biomethane scale-up. Across two days of strategic discussion, the conference will explore investment frameworks, permitting reform, infrastructure readiness, feedstock optimization, digestate commercialization, and the role of biomethane within Europe's future energy.

Designed for senior stakeholders across the biogas and energy value chain, the summit offers a valuable opportunity to connect with project developers, investors, utilities, policymakers, technology providers, and infrastructure specialists. Attendees will gain practical insight, benchmark regional progress, and build relationships with the organisations driving the next phase of Europe's biomethane market growth.

Who Will Attend

Attendees at the Future of Biogas Europe Summit will include senior representatives from across the biomethane and anaerobic digestion value chain, including:

- Biogas and biomethane producers
- Energy and utility companies
- Investors and financial institutions
- Feedstock and waste management companies

Registration Is Simple

Mohammad Ahsan

Tel: **+44 (0)20 3141 0606**

Email: mahsan@acieu.net

Conference Fees

Conference Pass (Includes Documentation Packet) 25th &

26th November 2026 – £2,095

Documentation Packet Only – £550

Members and customers of all supporting organisations are entitled to a discount off their conference package. Discounts are also available for multiple/group bookings.

Opportunities to Meet Your Target Audience

Showcase your technologies and connect with senior level attendees through branding, networking, and live demonstrations — a valuable opportunity to attract new business and build lasting relationships.

For information on available commercial opportunities, please contact:

Hubert Sosnowski

Day One – Wednesday 25th November 2026

08:00 – Registration & Welcome Coffee

09:00 - CHAIRMAN'S OPENING REMARKS

David Hurren
President
DAH Renewable Consulting

09:15 - CONFERENCE SESSION: ACHIEVING REGULATORY CLARITY TO UNLOCK BIOGAS INVESTMENT ACROSS EUROPE

- Clarifying evolving national frameworks and their impact on project viability
- Aligning EU targets with practical implementation at country level
- Addressing investor hesitation through stable and predictable policy design
- Standardizing gas quality and infrastructure cost-sharing mechanisms

Julian Auderieth
President
ERGaR

Gregory Krupnikovs
Ex-Board Member
European Biogas Association

Urszula Szalkowska
Managing Director – Europe
EcoEngineers

10:30 - CONFERENCE PRESENTATION: ACCELERATING PROJECT DELIVERY BY REMOVING PERMITTING BOTTLENECKS

- Reducing approval timelines through streamlined permitting frameworks
- Harmonizing regional requirements to avoid fragmented project delays
- Learning from best-practice markets to accelerate approvals

- Balancing environmental scrutiny with deployment urgency

Lisa Kitt
Managing Director
Dahlia Recruitment

11:15 – Morning Refreshments

11:45 - CONFERENCE SESSION: UNLOCKING CAPITAL AND SCALING INVESTMENT IN THE BIOGAS SECTOR

- Bridging the gap between available capital and deployable projects
- Building investor confidence through market transparency and data
- Evaluating risk-return profiles versus other renewable technologies
- Structuring scalable investment models for long-term growth

Lars Brodersen Holm
Head of Permitting and Project Leadership
Shell Biogas

Lidija Zelić
Managing Director
Serbian Biogas Association

12:45 - PANEL DISCUSSION: WOMEN IN BIOGAS

- Promoting greater diversity and leadership across the biogas sector
- Overcoming barriers to career progression and increasing representation
- Sharing experiences of leadership, innovation and industry impact
- Inspiring the next generation of women driving Europe's energy transition

Lisa Kitt
Managing Director
Dahlia Recruitment

Urszula Szalkowska
Managing Director – Europe
EcoEngineers

13:45 – Lunch

14:45 - CONFERENCE PRESENTATION: MAXIMISING FEEDSTOCK POTENTIAL TO DRIVE BIOGAS PRODUCTION GROWTH

- Quantifying the gap between current production and theoretical potential
- Optimizing feedstock sourcing strategies across regions
- Evaluating alternative uses of feedstock versus anaerobic digestion
- Unlocking new supply streams to increase production volume

Petteri Salonen
CEO
Finerenes Oy

15:30 - CONFERENCE PRESENTATION: TURNING DIGESTATE INTO A COMMERCIAL OPPORTUNITY

- Developing scalable treatment solutions for digestate outputs
- Creating value from by-products through circular economy models
- Addressing regulatory gaps in digestate application
- Enhancing sustainability and profitability through waste utilization

Tommaso Cecchini
Biomethane Project Developer
ABEI ENERGY

16:15 – Afternoon Refreshments

16:45 - CONFERENCE PRESENTATION: SCALING THE BIOGAS INDUSTRY FROM PROOF OF CONCEPT TO FULL DEPLOYMENT

- Transitioning from pilot projects to large-scale infrastructure rollout
- Driving operational efficiency across growing asset portfolios
- Consolidating fragmented markets into mature, investable sectors
- Meeting 2030 and 2040 targets through accelerated deployment

Ignacio Villalba
Business Development Tech (Biomethane)
Greening

17:30 – CHAIRMAN'S CLOSING REMARKS

David Hurren
President
DAH Renewable Consulting

17:40 – Drinks Reception

Day Two – Thursday 26th November 2026

08:30 – Registration & Coffee

09:00 - CHAIRMAN'S OPENING REMARKS

David Hurren
President
DAH Renewable Consulting

09:05 - CONFERENCE SESSION: GETTING BIOGAS PROJECTS FUNDING-READY: WHAT TO DO AND MISTAKES TO AVOID

- What investors and lenders look for in bankable biogas projects
- Avoiding common mistakes in permitting, feedstock planning and financial modelling
- Strengthening revenue certainty through offtake agreements and policy support
- Aligning technical, commercial and regulatory planning to secure funding

Andrew Rice
Co-Founder and CEO
Global NRG Advisory

Davide Scaglione
BioPlatform Technical Director, ZeroC
Gruppo CAPP

Antonia Vlek
Director
ABN AMRO

10:05 - CONFERENCE PRESENTATION: FROM DANISH SUCCESS TO EUROPEAN PROGRESS – BIOMETHANE MARKET AND REGULATORY DEVELOPMENTS

- Summarizing key insights and themes from across the conference
- Comparing regional progress, challenges, and opportunities
- Identifying emerging trends shaping the next phase of growth
- Sharing practical lessons learned from recent project development

Kasper Gadbert
Head of Market and Regulation
Biogas Denmark

10:50 – Morning Refreshments

11:20 - CONFERENCE SESSION: DEFINING THE ROLE OF BIOMETHANE WITHIN THE FUTURE ENERGY SYSTEM

- Exploring synergies between biomethane, hydrogen and synthetic fuels
- Integrating carbon capture and utilization into biogas value chains
- Expanding market appeal through multi-energy system alignment
- Positioning biogas within the broader decarbonization landscape

Christian Cuenot
CEO
Avanca Renewables

Bharadwaj Kummamuru
Executive Director
World Bioenergy Association

Dario Khambatta Moreno
Business Development Director
H2SITE

Rosanna Butters
Managing Director
Ceres Energy

13:00 – Lunch

14:00 - CONFERENCE SESSION: DELIVERING EUROPE'S BIOMETHANE SCALE-UP - WHAT MUST HAPPEN BY 2030

- Defining the critical actions required to meet 2030 targets
- Aligning policy, capital and infrastructure timelines
- Identifying execution risks that could delay deployment
- Clarifying responsibilities across the value chain

Lucy Hopwood
Principal Consultant and Director
Alder BioInsights

Annette Kroll
Head of Regulation and Advocacy
Engie

15:00 - CONFERENCE PRESENTATION: BIOMETHANE AS A STRATEGIC ASSET FOR ENERGY SECURITY AND GRID STABILITY

- Reducing reliance on imported fossil fuels through domestic production
- Stabilizing renewable-heavy energy systems with biomethane supply
- Integrating biomethane into national energy security strategies
- Responding to geopolitical volatility with resilient energy solution

Adam Forsyth
Head of Research
Longspur Capital Markets

15:45 - PANEL DISCUSSION: DEFINING SUCCESS FOR BIOGAS IN EUROPE BY 2030

- Identifying the key metrics that will define industry success
- Aligning stakeholder priorities across policy, investment, and delivery
- Assessing whether current momentum is sufficient to meet targets
- Highlighting the critical risks that could derail progress

Gregory Krupnikovs
Ex-Board Member
European Gas Association

Michael Kowalski
Sales Manager
PlanET Biogas Europe

Vincent Picand
Senior Manager of Institutional and Regulatory Affairs (Natural Gas & Biogas)
TotalEnergies

16:45 - CHAIRMAN'S CLOSING REMARKS

David Hurren
President
DAH Renewable Consulting

16:55 – End of Conference
